PUPIL SAFEGUARDING SURVEY

This survey is about how safe and happy you feel at your school, outside of school, and online.

Nobody in your school will be able to tell which answers are yours unless you clearly name yourself in the comments.

We want to know how useful you find your lessons about relationships, safety, and how to behave.

The survey will also ask about your relationship with others, feelings of safety, and being able to get help when needed. There will also be some questions about your general wellbeing. We ask these questions to help your school ensure they're doing their best to keep you informed, safe, and supported.

Your survey answers are anonymous and connected only to the name of your school unless you choose to identify yourself in written comments. We do not show any individual responses on the Edurio platform (<u>read more about how it works here</u>). By clicking "Start the poll", you agree to our privacy notice.

Everyone has the right to feel safe and be able to get help when they need it. If something has happened to make you feel unsafe (e.g., uncomfortable, scared, hurt) please tell an adult you trust. It could be someone at home, like your parents or people who care for you, or at school, like the Designated Safeguarding Lead. You can also look for help and support by calling ChildLine for free on 0800 1111.

Access to help

The next set of questions will ask about being able to get help when there is an issue such as feeling physically and/or emotionally unsafe, and being able to get support if you feel generally sad, worried or anxious.
